

Palmyra Macedon Middle School Jazz Band

Wednesday April 23, 2008 another great performance by the very talented students at Palmyra Macedon Middle School. They have been performing a spring concert for the Wayne County Nursing Home & rehab center for twelve years now.. We certainly are grateful that the Pal Mac Middle School will allow the jazz band to come and share their many musical talents with us. They perform under the Direction of Peter Hasler. Peter does stand up comedy in between the musical arrangements. They get the crowd going with lively New Orleans jazz music and some old familiar songs like my "Funny Valentine". Everyone moved in their seats when they heard "Tequila" being played and audience participation is expected with this song of course." Louie Louie!" another favorite song that gets everyone dancing their chairs, The residents appreciate having the students entertain them and look forward to the band's annual visit.
